

Keith Mussenden #01304-509

About Keith:

I'm looking for an intellectual, spiritual, big-hearted, passionate, and yet spontaneous female penpal for genuine friendship. Are you Her?

A bit about myself; I read a lot of existentialist philosophy, political science, neurobiology, medicine, algorithm trading, and artificial intelligence; so if you're a bit of a nerd, we might be a good fit. Also, I'm passionate about linguistics and anthropology; in fact, I'm studying languages right now (Chinese, French, German, Hindi, Japanese, Korean, Russian). I'm definitely looking for a woman friend who likes to travel. I like those who are open-minded and non-judgmental when it comes to being sensuality positive. What I'm talking about culminates into love, not lust, like in the book Love 2.0 by Barbara Fredrickson, which discusses positivity resonance.

Human beings need to engage in eye contact, touch, or vocalization to express their connectedness and intimacy with another person to fully practice the maintenance of their well-being. I identify as Hindu, but I would appreciate the attention of a Catholic, Muslim, Pagan, or even Atheist woman, if she feels any sense of spiritual transcendence. We're all striving for the sublime, and the heart and soul are our most underestimated resources. Every word you send me, I would treat as a gift from God, and I would give you all the attention and appreciation you deserve. I'm here to listen and to learn, and I hope to be a healing, safe, and secure source of joy and acceptance in your life.
